

RFP-11-13
SECTION ONE
GENERAL INFORMATION AND REQUESTED PRODUCTS/SERVICES

1.1 INTRODUCTION

In accordance with Indiana statute, including IC 5-22-9, the Indiana Department of Administration (IDOA), acting on behalf of the Indiana Department of Education (IDOE), is seeking to select a vendor that can satisfy the State's need for a video content library that provides statewide access to online professional development for K-12 teachers. In addition to the professional development episodes, the IDOE is seeking providers with systems capable of tracking professional development participation and teacher learning. Professional development providers responding to this RFP should also be able to develop content specifically for the IDOE and allow the IDOE to manage its own professional development content within the system provided by the vendor. It is the intent of IDOA to solicit responses to this Request for Proposals (RFP) in accordance with the statement of work, proposal preparation section, and specifications contained in this document. This RFP is being posted to the IDOA website (<http://www.IN.gov/idoa/2354.htm>) for downloading. A nominal fee will be charged for providing hard copies. Neither this RFP nor any response (proposal) submitted hereto are to be construed as a legal offer.

1.3 PURPOSE OF THE RFP

The purpose of the RFP is to secure high quality professional development for K-12 teachers in Indiana schools. The Indiana Department of Education desires to make a common library of professional development available to 6,000 Indiana educators as an initial investment in a scalable solution for the state. Furthermore the IDOE is interested in providing participating schools with a common tool for tracking professional development participation and teacher learning.

- The professional development library should be populated with providers with national reputations and cover a range of relevant professional development topics common to schools but also current in the educational context.

- Ability for the IDOE to organize available PD artifacts into customized courses or modules.
- Ability for the IDOE to choose from the available professional development to create a customized offering to Indiana teachers.
- Demonstrated capacity to respond to professional development needs that would require the creation of additional content.
- An option for the IDOE to add PD that it has developed to the library from the provider.
- Analytical capabilities that provide insight into the frequency of use and teacher learning as a result of participation/consumption of the professional development.
- Ability for teachers to track/record their professional development including PD that was not part of the online PD system.
- Ability for the content record (metadata) to be added to the existing content repository of the IDOE and for the record to be accessed by an end user with the same login credentials as they use to access the state portal.

1.12 BEST AND FINAL OFFER

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract on the basis of initial proposals received. Therefore, each proposal should contain the Respondent's best terms from a price and technical standpoint.

Following evaluation of the best and final offers, the State may select for final contract negotiations/execution the offers that are most advantageous to the State, considering cost and the evaluation criteria in this RFP.

1.13 REFERENCE SITE VISITS

1.20 EQUAL OPPORTUNITY COMMITMENT

Pursuant to IC 4-13-16.5 and in accordance with 25 IAC 5, it has been determined that there is a reasonable expectation of minority and woman business enterprises subcontracting opportunities on a contract awarded under this RFP. Department of Administration, Procurement Division

Additionally, respondents must be registered with the IDOA. This can be accomplished on-line at <http://www.in.gov/idoa/2464.htm>.

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an indication of the types of goods and services you can offer the State of Indiana, and locations(s) within the state that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be

registered as a bidder.

Problems or questions concerning the registration process or the registration form can be e-mailed to Amey Redding, Vendor Registration Coordinator, at aredding@idoa.in.gov, or you may reach her by phone at (317) 234-3542.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or in completing the commitments documented in the proposal. The Respondent must indicate which, if any,

subcontractors qualify as a Minority or Women Owned Business under IC 4-13-16.5-1. See Section 1.21 and Attachment A for Minority and Women Business information.

RFP language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material. The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State.

2.4.1 Executive Summary

Provide an overview of the technical proposal in this section.

2.4.2 System Requirements

The desire of the IDOE is to be able to easily compare responses but also to understand the unique offering of each vendor. To this end, please provide a two-part response to 2.4.2. Part I should provide clear indications of how each of the requirements below is addressed in the proposed system/solution. For Part I, please briefly address each requirement in the order provided. For Part II provide any additional narrative that explains how the proposed system accomplishes the requirements along with other unique functionality. Part II should focus on the holistic value of the system in relation to the requirements.

At a minimum, vendors responding to this proposal should be prepared to deliver the following:

- 2.4.2.1 High quality online video-based professional development units/modules targeting change/improvement in classroom practice to increase student learning. This should be the core of the proposed solution and include a substantial range of professional development topics addressing research-based instructional practices proven to increase student achievement.
- 2.4.2.2 The professional development library should be populated with providers with national reputations and cover a range of relevant professional development topics common to schools but also current in the educational context. Please include a high level list of topics and providers.
- 2.4.2.3 Ability for the IDOE or Local Education Agencies (LEAs) to organize available PD artifacts into customized courses or modules.

- 2.4.2.5 An option for the IDOE to add PD that it has developed to the library from the provider.

- 2.4.2.7 Analytical capabilities that provide insight into the frequency of use and teacher learning as a result of participation/consumption of the professional development. This requirement serves as the anchor requirement for system reporting. Please address system reporting capabilities here.
- 2.4.2.8 Ability for teachers to track/record their professional development including PD that was not part of the online PD system. Indiana teachers are required to participate in 90 hours of PD every 5 years and need to log these hours for approval by building administrators.

2.4.4 Work Plan

Describe the project management methodology that will be used through this implementation. The Work Plan must describe in detail the specific methods, tasks, and activities proposed to be undertaken in order to fulfill the scope of work described in this RFP. This plan should outline specific implementation milestones and the personnel responsible for each phase of the work plan. The work plan should also enumerate the resources and responsibilities that the vendor expects from the IDOE to support the implementation. In addition the respondent shall list and identify subcontractors, if any, and delineate their role(s) in relation to the work plan.

Any anticipated theoretical or practical problems associated with the completion of the project must be discussed. Solutions, alternatives, or contingency plans related to these problems must also be proposed if appropriate.

The IDOE is particularly interested in the communication strategies recommended for communication to the field but also to inform agency personnel of project progress.

2.4.5 Personnel

The Personnel section must include individual resumes for the key personnel that are to be assigned to the project if the respondent is awarded the contract. Indicate the role or assignment that each individual is to have in this project.

2.4.6 Other Relevant Information

If there is additional relevant information that the vendor judges material to understanding the proposed solution, it may be included here.

2.5 COST PROPOSAL

The baseline for this RFP is \$200,000 per year, or \$400,000 for the initial two-year term.

The cost proposal should provide an overall cost for a centrally managed solution that provides access to the proposed system by 6,000 Indiana educators. The IDOE desires to understand the composition of the overall cost proposal and requests that itemized costs (other than per user fees) for the solution be included.

Costs (One Time / Annual) – Please separate one-time from annual recurring costs. One-time costs may include the (perpetual) license fee and installation. Annual recurring costs may include a (annual) license fee, support services and maintenance and support costs. Usually perpetual and annual license fees are mutually exclusive.

The IDOE also requests that tiered, per user pricing be provided to help the IDOE understand the costs associated with full deployment of the product (approximately 60,000 teachers) as well as the thresholds for volume pricing.

2.6 INDIANA ECONOMIC IMPACT

All companies desiring to do business with state agencies must complete an “Indiana Economic Impact” form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the state.

2.7 BUY INDIANA INITIATIVE/INDIANA COMPANY

It is the Respondent’s responsibility to confirm its Buy Indiana status for this portion of the process. If a Respondent has previously registered its business with IDOA, go to <http://www.in.gov/idoa/2464.htm> and click on the link to update this registration. Click the tab titled Buy Indiana. Select the appropriate category for your business. Respondents may only select one category. Certify this selection by clicking the check box next to the certification paragraph. Once this is complete, save your selection and exit your account.

Respondents that have not previously registered with IDOA must go to <http://www.in.gov/idoa/2464.htm> and click on the link to register. During the registration process, follow the steps outlined in the paragraph above to certify your business’ status. The registration process should be complete at the time of proposal submission.

Defining an Indiana Business:

Respondents claiming this status must indicate which of the provisions above qualifies them as an Indiana business. They must also fully complete the Indiana Economic Impact Form (Attachment C) and include it with their response.

The following is the policy concerning items 4 & 5 described below. Appropriate documentation must be provided with your proposal response supporting either claim made below:

If a Respondent needs assistance in determining if its business qualifies under this criterion, please send an email inquiry to buyindianainvest@idoa.in.gov and you will receive a response within forty-eight (48) hours. If an out of state company does not meet one of these criteria, it can submit documentation/justification to the State for review for inclusion under this category.

SECTION THREE PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or his designee will, in the exercise of his sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and IDOE for further action, such as contract negotiations. If, however, IDOA and IDOE decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 105). Negative points may be assigned in the cost score. Additionally, there is an opportunity for a bonus of five points if certain criteria are met. For further information, please reference Section 3.2.3 below. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	35 points
3. Cost (Cost Proposal)	-20 to +20 available points (5 bonus points are available if certain criteria is met)
4. Indiana Economic Impact	15
5. Buy Indiana	10
6. Minority (10) and Women Business (10) Subcontractor Commitment	20
Total	100 (105 if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 55 points. All proposals will be ranked on the basis of their combined scores for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions focused on cost and other proposal elements.

Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

3.2.1 Adherence to Requirements – Pass/Fail

3.2.2 Management Assessment/Quality - 35 points

3.2.3 Price – 20 points

Price will be measured against the State's baseline cost for this scope of work. The cost that the State is currently paying or its best estimate will constitute the baseline cost. Cost scoring points will be assigned as follows:

- Respondents who meet the State's current baseline cost will receive zero (0) cost points.
- Respondents who propose a decrease to the State's current costs will receive positive points at the same rate as bid increasing cost.
- Respondents who propose an increase to the State's current cost will receive negative points at the same rate as bid lowering cost.
- Respondents who propose a 10% decrease to the State's current baseline cost will receive all of the available cost points.
- If multiple Respondents decrease costs below 10% of the current baseline, an additional 5 points will be added to the Respondent proposing the lowest cost to the State.

3.2.4 Indiana Economic Impact -15 points

See Section 2.6 for additional information.

The total number of full time equivalent (FTE – please see Section 1.2 for a definition of FTE's) Indiana resident employees for the Respondent's proposal (prime contractor and subcontractors) will be used to evaluate the Respondent's Indiana Economic Impact. Points will be awarded based on a graduated scale. The Respondent with the most Indiana FTEs will be awarded 15 points. Points will then be awarded to the remaining Respondents proportionately.

3.2.5 Buy Indiana Initiative – 10 points

Respondents qualifying as an Indiana Company as defined in Section 2.7 will receive 10 points in this category.

3.2.6 Minority (10 points) & Women's Business (10 points) Subcontractor Commitment - 20 points

The following formula will be used to determine points to be awarded:

The commitment factor for each proposal will be calculated by multiplying the commitment percentage by one hundred. The RFP score ratio will be determined by dividing the maximum allowable points by the highest commitment factor. The proposal with the highest commitment factor will be given the maximum allowable points. The points awarded to the other proposals will be calculated by multiplying the score ratio by the proposed commitment factor.

Commitment percentage * 100 = commitment factor

Maximum allowable points/highest commitment factor = score ratio

Commitment factor * score ratio = points awarded

The Commissioner of IDOA or his designee will, in the exercise of his sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
